Access to quality Comprehensive Abortion Care (CAC), including provision of information, abortion management, and post-abortion care, is essential for the attainment of the highest possible level of sexual and reproductive health.

To facilitate knowledge sharing of evidence-based information and efficient and person-centred practices related to CAC, HRP, based in the WHO Department of Sexual and Reproductive Health and Research (SRH), has formed a new Community of Practice specifically dedicated to CAC.

### Join today to:

- **access** resources including WHO guidelines
- **be invited** to webinars
- **engage** in discussions
- **share** your own knowledge, questions, products, events and ideas
- **network and collaborate** with others who share an interest in CAC

### HOW TO GET STARTED:
