

How to reset or create your password to Fluxx (AmplifyChange Grants Portal)

1. Go to https://amplifychange.fluxx.io/user_sessions/new and click on the button that says 'Reset or create password'.

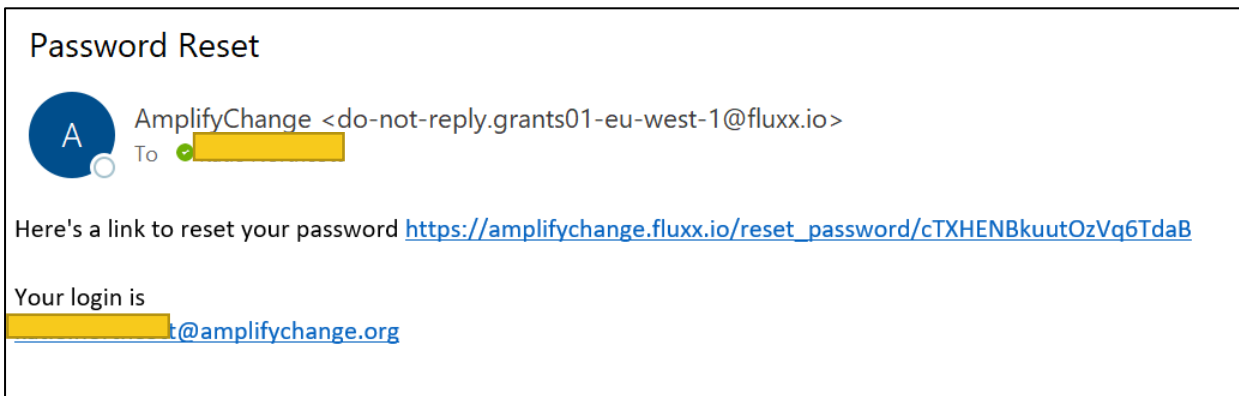

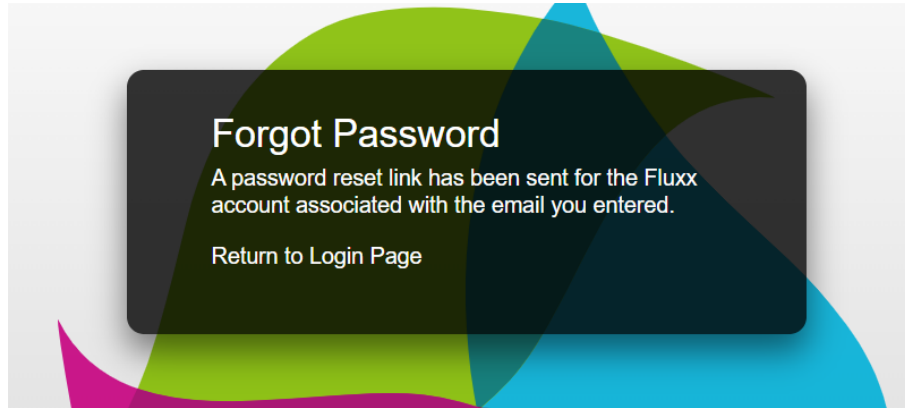

2. Fill in your email address. This will be the email where you have received AmplifyChange communications.

- You will receive an email to your account that contains a link to change your password. Click on this link.
NOTE: if you have not received an email, please check your Junk or Spam folder. If this doesn't work, please try to request a link a second time (following steps 1 and 2) ensuring your email address is correct before contacting us.

- Enter a new password, click 'Set password and Log In'. You can now access the Grants Portal!
